DAY 1 :

SURANADI CYCLING TOUR The tour begin with a visit to PERAMA NING PUSPA, after a short tour around the botanical garden get ready to hop-on the bikes and ready to ride!

Ride along the river banks before entering the dirt track in the SURANADI DENSE FOREST. Pass by the local village and beautiful rice terrace as we head to the REFRESHING WATERFALL.

After the break, cycle up to the hills to spectate on the PANORAMA OF SURANADI NATURAL SURROUNDINGS.

Later, make a quick stop at one of the member of Suranadi Tourism Forum to see what Perama and the community is doing to push the development of Suranadi village.

The cycling trip will end in Perama Ning Puspa, indulge yourself with delicious home cooked Indonesian for lunch
BENANG STOKEL and **KELAMBU WATERFALL** Fresh and cool water falls from 20 meter high trough the steep rock face, covered by the variety of vegetation; the moss, forming lush green wall till the raft where lies small valley for bathing. The waterfall consists of several small waterfalls coming out from the trees and cliffs forming a waterfall curtain, around 40 meters high. You can walk under the waterfalls and play hide-and-seek behind the trees. *PLEASE BRING CHANGING CLOTHS N GOOD FLIPPER*

TETEBATU is located quite in the middle of Lombok, about 15 kilometers in linear distance south from the summit of the Mount Rinjani. Tetebatu and the surrounding areas are mainly known for its beautiful farmland, rice fields, spice gardens and the panorama of Mt Rinjani. Tetebatu was one of the original settlements of Netherlanders in Indonesia, and one of their local buildings "Pondok Belanda" can still be found within the Gunung Rinjani National Park.

Stay overnight

DAY 2:

PRINGGASELA has a long and rich tradition of weaving sarongs. The weaving skill is part of the village's cultural custom. In Pringgasela village, you will see girls doing the weaving cloth process. From twisting, tying to get motif, dying, till weaving. All of it is done when they're free from their household job. Besides newly-made weaving cloth, in Pringgasela village you will also find old weaving cloth made from fur that been kept for years. This thing fit to you who like to collect old weaving cloths. During your visit in Pringgasela, you can hunt many cloths for various functions, such as bed cover, wall decoration, sarong, table cover, and scarf.

PERAMA TRADITIONAL DOCKING and **MARITIME MUSEUM**, This traditional boat docking was built in 1990. It is located about 1 km to the west of Kayangan harbor and occupies a land area of 1.5 hectares. The area belongs to Kayangan village and is bordered by Kampung Baru and Kampung Padak. Kampung Baru is an area inhabited by the Bugis ethnic while Kampung Padak is by the Sasak people. Since its establishment the docking has produced a number of boats of varying degrees of sizes. Most of the boats take from Bugis Phinisi styles.

The boat making process uses traditional machinery with only a few modern tools where today the traditional machine collected as a museum to remind the evolution of the tools that carpenter used for making boat.

ENDE VILLAGE is an authentic Sasak Tribe village. Villagers here still preserve their tradition, from their daily activities of making the weavings, farming, and even its indigenous house. You will have the opportunity to enter and examine several domiciles, as well as observe the villagers as they go about their day to day life. The people are friendly and kind-hearted, and happy to share. It's scenic and pastoral, and a great opportunity to get up close and personal with the unique population of the island.

MERESE HILL is a perfect sunset viewpoint in Kuta Lombok. From the hill you can see the sights Merese Tanjung Aan, enjoying the beauty seluruh presented here. The hills are lined up to form a simple layer, wrapped in green color comes from the grass that grows wild on every inch of land.

Stay overnight at local homestay in Kuta Lombok

DAY 3:

SEGER BEACH is located on the south coast of Lombok around a 15 minute drive from Kuta. This little hint of paradise is a small stretch of beach surrounded by beautiful hills in which you can climb and find some pretty sweet viewpoints. It's so peaceful and if you're lucky enough you may even be able to enjoy the whole beach to yourself. The small beach was absolutely stunning and the perfect place to chill out away from the crowds. Each part of the beach is perfect for the calm water sport, there is one favorite part of the beach for snorkeling.

MAWUN BEACH is located to the west of Kuta, Mandalika. Mawun Beach is in a bay with two hills on each side. This beach is shaped like a horseshoe with different water depths and wave strength. Under the hills on each side of this beach, the waters are relatively calm and quite shallow. Meanwhile, in the center, the waters are quite deep with rather strong waves. You can climb the hill on both sides of the Mawun beach. The panorama from the top of the hill is really beautiful because you can see the Indian Ocean, other surrounding beaches, and hills behind Mawun Beach. A stretch of soft white sand combined with a beautiful view of the hill makes Mawun Beach a pleasant relaxing location.

SELONG BELANAK BEACH has the glittering soft white sand and sloping contour. The wave is not so high and the water is perfectly clean. With such beach condition, you are able to do various activities. You can just relax on the white sand, exploring the beach, sunbathing, swimming and many others.

BANYUMULEK is a traditional village which has been known by the surrounding community as a pottery center of Lombok. The pottery made by the natives who live here. Using simple tools and clay, the skillful craftsmen in this village are able to produce spectacular and useful handmade products without any measurement tool. All of it is done with heart. You may watch the process of producing various kinds of pottery and ceramics used in daily life. The craftsmen in Banyumulek still retains the traditional burning techniques of straw and firewood to produce clay products that comes in various shapes, sizes, colors and functions. They are elaborately molded, baked, then painted and decorated with majorly locally sourced dyes.
