#### DAY 1 ENDE – BAJAWA

**BLUE STONE BEACH** on the central south coast of Flores is both gorgeous and a geological oddity. This black volcanic sand beach is strewn with blue, green, red and yellow stones as far as the eye can see.

**WOGO VILLAGE** Lying to the east of Bena, Wogo is another picturesque village which features all the richness of the traditional Ngada culture. The village of Wogo is actually a new comer in the Ngada landscape. It has been inhabited only since 1932, when the inhabitants from the 'Old Wogo' decided to leave their original village with their ancestral megaliths behind.

**BAJAWA** is a small charming town located in the middle of the Florinese highlands. It is surrounded by forest-covered mountains with a pleasant climate.

#### DAY 2 BAJAWA – RIUNG

**BENA** a community that is situated at the foot of Mount Inerie. It has impressive stone formations and ancestral shrines, as well as traditional houses. Bena offers an awesome sight, the megalithic formations in the village center.

**SOA HOT SPRING** offers warm water that flows from a river under the shade of coconut trees. Walk further to a canyon with beautiful drop-offs that almost look like little waterfalls.

**RIUNG** on Flores Island is famed for being home to the remarkable 17 Islands National Park. The small-time fishing town of Riung is perched along the quiet and relatively dry northern coast of Flores.

#### DAY 3 RIUNG

**17 ISLANDS SNORKELING TOUR** island-hopping in smallish fishing vessels from one white-sand tropical paradise to another. Pristine beaches, azure waters, & enchanting views welcomed us at every turn. And with the islands in such close proximity of one another, it allowed us to maximize our time enjoying them, rather than spending it on the boat. The area is also perfect for snorkeling, with the waters boasting an abundance of coral & marine life. As it is only a day trip, we won't have enough time to visit all islands. We only visit 3 most beautiful islands in this national park. (*snorkeling gear is provided by customer*).

#### DAY 4 RIUNG – MONI

**DETUSUKO** A village in a valley blanketed with rice fields, located halfway between Ende and Moni is a misty, cool hill town with amazing rice field scenery.

**WOLOGAI VILLAGE** is one of the few villages in the Ende district with well-maintained houses built in the traditional Lionese architectural style.

**NDUA RIA** Take a visit to a traditional fruit and vegetable market all freshly pick from the local farms.

**MONI VILLAGE** a small village as a gateway to the Three Color Lake, Kelimutu Volcano.

#### DAY 5 MONI – MAUMERE

**KALIMUTU THREE COLOR LAKE** Mount Kelimutu, with its three colored crater lakes, is probably the most amazing natural phenomenon in Flores. There are local named designated to each lakes ; Tiwu ata Mbupu (Lake of Old People) which is usually blue and on the westernmost of the three lakes. The other two lakes are Tiwu Nuwa Muri Koo Fai (Lake of Young Men and Maidens) for the green colored lakes and Tiwu Ata Polo (Bewitched or Enchanted Lake) for the red colored lakes and only separated by a crater wall.

Early morning start to climb the volcano. Enjoy the beautiful scenery of sun rise and three Color Lake from the bank of the crater.

**JOPU** Traditional Village is yet another tribal village that is beautifully preserved. The woodcarvings on the doorways, benches, and walls are particularly interesting here. The tribe living here is called Lio.

**KOKA BEACH** is an exotic beach with ti's white sands coastwise. White and fine sand stretch along the coastline and that assure us that Koka Beach become a hidden paradise.
